BUTTERFLY COLLECTION

Make the planting of your garden easy and fun, with this all-season blooming collection that will attract butterflies and hummingbirds! Blooms begin in early summer with the Butterfly Weed and Salvia. Mid-Summer is when this garden really takes off with the Black-Eyed Susan and Purple Coneflower, all beginning to bloom.

Includes 1 Purple Coneflower, 1 Black-eyed Susan, 1 May Night Salvia and 1 Orange Butterfly Weed.

Height: 12-30"
Spacing: Varies
Bloom time: All summer
Hardy Zones: 4-9
Suitable Zones: 4-9

4 Roots for \$45

1 BALLERINA PINK SALVIA
Bold, pink blooms appear in early summer on the Ballerina Pink Salvia. Compact in habit this mound forming perennial is the perfect addition to your sunny perennial border. Salvia is easy to grow, deer & rabbit resistant and they attract butterflies and hummingbirds. Maintenance Tip: Once the initial flush of blooms has faded remove the spent flowers for a tidy appearance and to encourage the potential for more blooms later in the season.
Height: 18-20" Spacing: 8-10"
Bloom time: Late Summer
Hardy Zones: 3-8
Suitable Zones: 4-10
1 Root for \$18

1 AMETHYST PHLOX
Amethyst Tall Phlox is a sensational garden perennial that really puts on a show of vibrant pure purple blooms in late summer into early autumn. Growing 3-4' tall and 2-3' wide be sure to provide adequate space in your perennial bed, rock garden or formal planting area. Phlox prefer to be planted in full sun, with their roots protected to keep them cool, and must have adequate air flow to prevent powdery mildew late in the season.
Height: 30-36" Spacing: 8-12"
Bloom time: Late Summer
Hardy Zones: 4-8
Suitable Zones: 4-10
1 Root for \$12

3 RED KING HUMBERT CANNA
This rare and regal plant has bright red-orange flowers that can reach up to 5-8' in height when provided the right sun, water and temperatures! This particular canna is desired mostly for its foliage which turns a gorgeous bronzed-maroon after emerging green. A true touch of the tropics, the Red King Humbert loves the sun and would be a beautiful and exotic addition to any garden. Hummingbirds like these!

Height: 42-60" Spacing: 12-18"
Bloom time: Mid-Summer
Hardy Zones: 8-11
Suitable Zones: 4-11
3 Tubers for \$18

5 BALL MIXTURE DAHLIAS
Ball dahlias are a three-dimensional treasure of the summer garden. This Ball Mixture of dahlias have round ball shaped blooms with their petals displayed in a perfect spiral. Ball dahlias are similar to pom pom dahlias; however, ball dahlias have slightly larger blooms. This mix is a very showy addition to your garden, as well as your cut flower arrangements.

Height: 24-36" Spacing: 18-24"
Bloom time: Summer to Frost
Hardy Zones: 8-10
Suitable Zones: 3-10
5 Tubers for \$30

1 BRIDAL VEIL ASTILBE
Bridal Veil Astilbe will work well in borders, as a mass planting or even as a cut flower. These white flowers are very easy to grow and will grow and bloom even during the hot summers! Astilbe need to be watered deeply every week, especially during periods of dry, summer weather. But allow to dry between waterings. Astilbe will grow from 20-30" tall and loves the shade and partial shade.
Height: 18-24"
Spacing: 12-18"
Bloom time: Mid-Summer
Hardy Zones: 4-9
Suitable Zones: 3-10
1 Root for \$12

1 SARAH BERNHARDT PINK PEONY
The deep green leaves and vibrant pink blossoms of this ever-popular peony grow quickly. They will produce more vibrant color and larger blooms year after year, making them a great border, backdrop, or accent plant in your perennial summer garden!
Height: 30-36"
Spacing: 18-24"
Bloom time: Late Spring
Hardy Zones: 3-8
Suitable Zones: 3-10
1 Tuber for \$18

18 TUTTI-FRUTTI GLADIOLUS MIX
Tutti Frutti Au-Rutti! Colorful mix of gladiolus contains: Blue Isle, White Prosperity, Espresso, Nova Lux, Wine and Roses, Spic and Span, and Green Star. Gladioluses are best when planted in full sun, well-drained soil. For extended blooms, stagger your planting by planting some gladiolus every 2 weeks, so that when they are ready to bloom, they will start and begin blooming in 2-week increments.

Height: 48-60" Spacing: 4-6"
Bloom time: Late Summer
Hardy Zones: 8-10
Suitable Zones: 3-10
18 Bulbs for \$16

1 FRECKLE FACE BLACKBERRY LILY
Exquisite late summer blooming perennial with colorful orange blooms and interesting seed pods in fall. Upright sword like foliage is similar to a bearded iris. This hardy perennial will bloom for several weeks late in summer. In early fall you will notice the seed pods open to reveal clusters of black seeds that look like blackberries. The showy seeds remain through winter and are unique addition to fresh and dried flower arrangements.

Height: 18-24" Spacing: 4-6"
Bloom time: Late Summer
Hardy Zones: 4-10
Suitable Zones: 3-10
1 Root for \$16

5 MIXED ASIATIC LILIES
Showy, bright and easy to grow. Our mix of Asiatic Lilies contains 5 bulbs for planting this Spring. Asiatic Lilies bloom in early Summer, and you can expect this package of lilies to bloom and grow the Spring you plant them. Asiatic lilies blooms face upwards and come in array of bright, bold and warm colors. For best results plant in full to part sun, and in soil that is moist but drains well.

Height: 36-42" Spacing: 6-9"
Bloom time: Early Summer
Hardy Zones: 4-9
Suitable Zones: 3-9
5 Bulbs for \$14

1 UPRIGHT ELEPHANT EAR
If you love elephant ears, you must give this one a try! The Upright Elephant Ear will typically grow 4-6 feet tall and 2-4 feet wide or even large in warmer areas! This upright variety is a wonderful easily grown tropical plant for the summer garden. Transform your summer landscape or patio into a tropical oasis! This plant loves water and fertilizer. Unlike Colocasia, these leaves are more arrow-shaped and will point upward.

Height: 48-72" Spacing: 24-36"
Bloom time: Greenery only
Hardy Zones: 9-11
Suitable Zones: 4-11
1 Bulb for \$24
